SECTION:	4000	POLICY NAME:	Admission-International Student
ACCJC Standard/Policy:			

The Board of Regents, in furtherance of its admission policy, welcomes applicants from foreign nations. The admission of international applicants is advantageous to the establishment of a well-rounded, cosmopolitan atmosphere on the campus that gives each student the opportunity to understand more fully the various world cultures with whom we come in contact.

For international students, admission processes at each institution must consider English language ability, academic records, and financial resources.

An international student applicant is required to take the College's English Language Placement Test.
