Course: AC400 Federal Taxation

1. Department

School of Business

2. Purpose

This course introduces the student to the principles of Federal Taxation—which will include both individual and corporate taxation. This new course is essential for the training of an accountant at the Bachelor's degree level.

3. Description

Federal Income taxation of businesses and individuals is covered in the course. Gross income, deductions, and tax credits are used in preparation of sample tax returns. Computation of taxes due by individual and corporations are presented in both Federal and CNMI formats.
